

Bosse 50th Reunion Committee Minutes August 17, 2015

Classmates present: Libby White Chapman, Charlene Crews Dockery, Vella Johnson Goebel, Yvonne Lasher Floyd, Patty Davis Sensemeier, Jolene Brown Meyers, John and Susan Larkin Pickens, Greg and Susie Hudson Gordon. Stan Newman.

We talked about making personal contacts by phone or email to classmates we know and encourage them to attend. Past reunion books with all the names were passed around and people selected people to contact. Committee members that were not at the meeting are encouraged to do the same.

Greg submitted the initial list of 20 classmates who have registered to Roger Wilson to post on the "Here's who is coming" section he has added to www.bosse65.org. We would like to get a lot more names on that list soon.

Greg provided an update on the Owen Stadium Capital Campaign. Apparently politics have become involved. Some of it is about whether to replace the façade of the school that the architects recommend and no one with any connection to Bosse is in favor of. On the plus side they have extended naming opportunities to areas of the school and are not limiting it to just athletic facilities. No price tags are being given out, but they will keep us in the loop.

As we are not assembling a book of classmates contact information and current status this reunion, we discussed the need to provide that in a digital form, particularly one that people could submit their own information to be reviewed before posting. This might be something password protected on our website or Facebook so personal information would not be available to the general public.

We reviewed the In Memoriam list of departed classmates and added some more names. Vella is keeping this list updated. These will be displayed at a memorial table at the reunion and acknowledged at our memorial service Sunday morning.

Yvonne showed us a sample of items (e.g. Christmas ornaments, notecards, mouse pads) that could be printed with pictures of Bosse H.S. on them that we could sell as a fundraiser. No decision was made on this at this time. We did decide to get Bosse H.S. wristbands for all attending.

Stan has been working on the video and will be meeting with Gina to coordinate the music with the video.

Jolene offered to send invitations to the teachers that are still living for our Friday night gathering at Blush.

We adjourned for salad and pizza courtesy of Walther's thanks to Patti Sensemeier.

Next meeting 9/1 at 6 pm at Turoni's on Weinbach.
